

voter requirements

Are you eligible to vote?

If the statements below are true for you, then you are eligible to cast your vote.

- United States Citizen
- 18 years or older
- Live in North Dakota
- Lived in this precinct for at least 30 days before the election
- Not presently incarcerated for a felony
- Have not had voting privileges revoked through order of a court

■ *Have Your ID Ready*

You will be asked to prove you are eligible to vote in this precinct. Be sure and have proper ID ready to show election officials. It's the law!

■ *Don't Meet the Residency Requirements?*

You may still be able to vote for the president. (See voting procedures section of the Election Law: Who Can Vote Poster.)

■ *Look for the Initials*

Make sure the ballot has been initialed. It means the ballot is ready for your vote.

■ *Don't Cross-Vote in June*

When voting a political party ballot in the June election, you must vote along party (i.e. Republican or Democratic/NPL) lines. If you split your vote between the political parties, your ballot won't be counted for those races. This does not apply to no-party races or measures.

■ *Mark Clearly & Be Careful*

Marking your vote clearly is very important. Be sure to darken the ovals next to your choices. Also, don't damage or remove things from the ballot. It could disqualify your vote.

■ *Keep Your Vote A Secret*

It is important not to wear political campaign materials at the polls – it's against the law! Unless you require assistance to vote, revealing your choices is unwise.

■ *Ask for Help*

It's OK to ask for help when voting. If you have a disability, a poll worker can even help you cast your ballot. Poll workers **cannot discuss any issues**. They can only help you cast your vote in secret.
